AN EXCITING SEA-STORY

NOVELTY AFTER NOVELTY!

THE NEW-YORK WEEKLY.

READY WEDNESDAY MORNING, April 21,

ANOTHER NEW ORIGINAL STORY,

ENTITLED

THE OCEAN WANDERER;

ADVENTURES ON LAND AND SEA,

In which the author depicts, in graphic style, the Startling Stenes

and Romantic Adventures of Life as a Sailor before the Mast

The narrative of the "OCEAN WANDERER" is a bold but truthful

Picture of the most Exciting Incidents in every quarter of the

Globe, in which are portrayed the chivalry, during, freake, fol

lies and superstitions of the Sailor, together with the tyrannies

and brutalities to which he is too often subjected by the office

who command our vessels. Some of these scenes develop a re

finement of cruelty and a systematic torture that cannot fall to

end a chill of herror through every civilized community. This

is the dark side of the ploture. "A Life on the Ocean" has it

numshine as well as its storms—its pleasures as well as its pains

rious phases of life on the great deep in the progress of the

nut grow, and anon takes him far away into the solitary forests

lime "where Summer reigns eternal," passing in rapid success

urrent of his adventurous career. "THE OCEAN WANDERER

There is a reckless daring in the life of the Sailor which is un

countable. He pursues his perllous calling with an infatuation

which amounts to idolstry. It is this spirit which carries our

ommerce to the remote quarters of the globe-which whitens

the ocean with the sails of the merchantmen, and unfolds the

fiags of all maritime nations in every port of the known world.

This daring and adventurous trait in the character of the Sailor

leads to explorations far into the loy regions of the North, when

fatuation leads its victim to enlist under the black flag of the

Pirate, who lies in wait on the great highway of the ocean for his

defenceless prey. The author of the "OCEAN WANDERER"

takes the reader through every phase of the Life of the Sailor, its

Young man! before you leave the comforts of a quiet home

Fond mother! before you consign your darling boy to the te

der mercles of the tyrants of the sea, read the experiences of the

over for a long voyage at sea, to enable him to earn the means

making you comfortable and happy, read the Life of the "OCEAN

WANDERER." Count well the cost before the fatal Rubicon is

again-leaving those who had friends on board to watch long and

anxiously for tidings of the missing vessel, while she was per

haps rent into a thousand pleces by the hurricane, typhoon, or

some treacherous reef, far out in the sea- and her passengers and

crew engulphed in the ocean depths! While fond hearts were

living in the earnest, yet vain hope that absent friends would re-

turn home again, perhaps their bones were bleaching in the waters

of the great deep! In these terrible disasters some are spared

from sudden death to undergo the horrors of starvation and deli-

rium on the fragments of the wreck, while others are cast on some

barren and inhospitable island, to end their days among savages

or in a terrible solitude where no human foot had ever trod, and

where no human voice was ever heard! The author of the

"OCEAN WANDERER" vividly brings before his reader come of

Many a good ship, after having been plundered—her crew and

of the ocean by the Freebooter, whose terrible motto is: "Dead

men tell no tales" In this connection the "OCEAN WANDERER"

gives the adventures of the daughter of one of the merchant

princes, whose ships were on every sea, which cannot fail to ex cite the most intense interest. Well may it be said that "mere

Fiction pales before the lights and shades of Reality, when we

The adventures of "THE OCEAN WANDERER," while they pos.

seas all the attractions of a work of fiction, cannot fall to be

mere widely read than any mere creation of the Imagination.

The author has participated in the events and scenes he describes. The incidents and adventures condensed in this work would

have furnished the florid romancer with material for half a dozen

novels; but the author has chosen rather to tell us just what he

saw, omitting unimportant events, and grouping only those incl-

dents which have an important connection in the career of "THE OCEAN WANDERER." If this narrative imparts but half the

interest to the general reader produced by the reading of the manuscript, it will create a greater sensation than any work of
